Mr. Neil Collins  
Technical Resource Services Inc.  
1000 North Cruse Avenue  
Broussard, LA 70518

September 6, 2007

Dear Mr. Collins,

On behalf of Shell Exploration and Production Company (SEPCo), I would like to thank you for your cooperation during the on-site review of your Water Survival / Helicopter Underwater Egress Training (HUET) course that was completed on August 30, 2007.

Based on the curriculum and instructor qualification information you provided, as well as observed classroom instruction and in-pool training and practical exercises, we have determined that Technical Resource Services Inc. has successfully completed the audit for the new SEPCo HSE 0039 Revision 1.0 standard which became effective March 15, 2006.

We appreciate the steps you have taken to comply with our company requirements and thank you for your continued professionalism in providing safe and effective training. Your organization's name has been added to the list of accepted HUET / Water Survival training providers that is available to all Shell organizations and contractors.

Please be advised that your company is not authorized to use the Shell name or trademark in any material prepared for public announcement, general publication or distribution to any third party. However, you are authorized to list Shell as a company who accepts your HUET course offering.

Kind regards

Shell Exploration & Production Company

Juan C. Cortes
